

Proposal Development Workshop

11:30 a.m. – 1:00 p.m. Monday December 7, 2020

<https://calendly.com/mary-campbell/txrdc-workshop>

The TXRDC invites interested researchers to attend an online Proposal Development Workshop. The goal of the workshop is to give researchers an overview of: (1) the restricted data resources available for RDC-based research, (2) programs and services available at the TXRDC, and (3) the steps involved in gaining approval for projects using restricted data.

Workshop participation is free and is open to all researchers at TAMU and other TXRDC Consortium institutions. Faculty, researchers and doctoral students from all disciplines are welcome. Visit ***the event page*** to register.

Agenda

Sessions 11:30 a.m. – 12:30 p.m. with Q&A following

11:30am-11:40am Session I. Introductions. RDC and TXRDC Overview

Round of introductions. Overview of the national RDC network and research opportunities in RDCs. Review of TXRDC resources, programs, and services.

11:40am-12:00pm Session II. Scouting RDC Projects and Data

Review of examples of RDC projects and how to source them out. Scouting restricted data sets available in RDCs. Overview of preparing proposals to use NCHS data sets.

12:00pm-12:30pm Session III. Writing Proposals for Projects Using Restricted Data

Review the Census perspective on the TAMU-US Census Bureau collaboration. Scouting and developing project ideas. Elements of successful RDC proposals and projects. Preparing/submitting Census RDC proposals. Planning project time lines.

12:30pm-1:00pm Open Q&A

TXRDC Consortium Members
