Curious, collaborative and driven? Let’s chat.
See yourself here.

At Goldman Sachs, we believe who you are makes you better at what you do. We seek out people with all types of skills, interests and experiences. So whether you’ve been trading penny stocks since the eighth grade or have never imagined a career in finance, there’s a place for you here.

For us, it’s all about bringing together people who are curious, collaborative and have the drive to make things possible for our clients and communities.

Pick Your Path is a virtual series designed to educate students about the numerous opportunities available within our participating Control, Finance and Operating divisions. These programs are open to all majors and are designed to introduce students to the extensive range of career opportunities in the financial world.

As a participant, you will:
• Learn how professionals work collaboratively to support clients and add value to the firm through divisional information sessions
• Hear from professionals who work in our Dallas and Salt Lake City offices about their experiences in these locations
• Fine tune your resume and interview skills
