 Special Focus: The Younger Dryas Cold Snap in North America: New Evidence for Its Cause and Effects	
Evidence of the Younger Dryas Chronozone from Paleocological Records of the Northern Rocky Mountains <i>Andrea Brunelle</i>	1
Response of Glaciers and Vegetation to Younger Dryas Cooling in Western North America <i>John J. Clague and Thomas R. Lakeman</i>	3
Paleoenvironmental Response of the Northern Chihuahuan Desert to the Bølling/Allerød–Younger Dryas Climatic Oscillation <i>Camille A. Holmgren</i>	7
Evidence for the Younger Dryas on the Columbia Plateau, U.S.A. <i>Gary Huckleberry</i>	10
The Younger Dryas Cold Event in Paleocological Records from the North Pacific Coast <i>Terri Lacourse</i>	13
Post-Glacial Landscape Changes and Paleoamericans in the New England Maritimes Region <i>Paige Newby and James Bradley</i>	16
Meltwater Discharge and Its Dynamical Role during the Younger Dryas <i>Lev Tarasov</i>	18
Absence of a Younger Dryas Signal along the Southern Shoreline of Glacial Lake Agassiz in North Dakota during the Moorhead Phase (12,600–11,200 CALYBP) <i>Catherine H. Yansa and Timothy G. Fisher</i>	24
 Archaeology: Eurasia	
Siberia in the Late Glacial, ca. 18,000–10,000 RCYBP (20,000–12,000 CALYBP): Did Climate Impact Paleolithic Populations? <i>Stuart J. Fiedel, Yaroslav V. Kuzmin, and Susan G. Keates</i>	29
Khanzat-1, a Geoarchaeological Investigation in Eastern Mongolia <i>Masami Izuho and Batmunkh Tsogbaatar</i>	31
Geochronology and Paleogeography of the Early Upper Paleolithic in the Trans-Baikal, Russia <i>Ludmila V. Lbova</i>	35
The Late-Glacial Microblade Assemblage from the Kamihoronai-Moi Site in Hokkaido, Northern Japan: A Newly Discovered Yubetsu Site <i>Yuichi Nakazawa, Masami Izuho, and Fumito Akai</i>	37
New Evidence of Endscraper Reduction in Upper Paleolithic Japan <i>Jun Takakura</i>	40

Archaeology: Latin America

Three Undescribed Fell's Type or Fishtail Points from Argentina: A Possible Barb-like Shoulder Variation <i>Tom Amorosi, Joseph Diamond, and Sumru Aricanli</i>	45
Lapa das Boleiras Rockshelter: Geoarchaeological and Paleoenvironmental Aspects of a Paleoamerican Site in the Lagoa Santa Region, Brazil <i>Astolfo Gomes de Mello Araujo and Walter Alves Neves</i>	48
Dating of the Bahía La Ballena Site (J69E), a Possible Terminal-Pleistocene Occupation in Baja California Sur, Mexico <i>Loren G. Davis</i>	50
Rodents at Late-Pleistocene Contexts in Central and Southern Chile <i>Douglas Jackson, Donald Jackson, and César Méndez</i>	52
ELS1, a Fishtail Projectile-Point Site from Central Argentina <i>Andrés G. Laguens, Eduardo A. Pautassi, Gisela M. Sario, and G. Roxana Cattáneo</i>	55
Geological Context of the Archaeological Record from the Late Pleistocene through Holocene in the Middle Río Negro Valley, Argentina <i>Heidi Luchsinger</i>	57
A Gap Between Extinct Pleistocene Megafaunal Remains and Holocene Burial Contexts at Archaeological Sites in the Southern Argentinian Puna <i>Jorge G. Martínez, Carlos A. Aschero, Jaime E. Powell, and Pablo Tchilinguirián</i>	60
Current Evidence and Radiocarbon Chronology from the Santa Julia Late-Pleistocene Settlement in the Semiarid Coast of Chile (31° 50' S) <i>César Méndez, Donald Jackson, and Roxana Seguel</i>	62
Current Research at Paleoamerican Sites in Sonora, Mexico <i>Guadalupe Sanchez, Edmund P. Gaines, and Alberto Peña</i>	64
First Fossil Records of Characiformes (Boga Fish) in Uruguay: Evidence Recovered from Pay Paso Site, Locality I, a Paleoamerican Site in South America <i>Rafael Suárez and Andrés Rinderknecht</i>	66
Cerro El Sombrero, Argentina: Fractured Stones on a Flat Hilltop <i>Celeste Weitzel and Nora Flegenheimer</i>	68

Archaeology: North America

Two Great Basin Crescents in the Steve Caligore Collection from Southeastern Wyoming <i>Daniel S. Amick</i>	71
A Buried Early-Holocene Shell Midden on the South-Central Coast of San Miguel Island, California <i>Todd J. Braje, Jon M. Erlandson, and Tracy Garcia</i>	74
Three Rediscovered Clovis Points from the Field Museum Collections <i>Scott J. Demel</i>	76
Clovis Biface Lithic Technology at the Gault Site (41BL323), Bell County, Texas <i>William A. Dickens</i>	78
New Obsidian Hydration Findings Suggest the Use of Split-Stem Points by Great Basin Paleoindians <i>Daron Duke, Tim Carpenter, and David Page</i>	80
The Little John Site (KdVo-6), a Late-Glacial Multi-Component (Nenana-Denali Complex) Site in the Far Southwest of Yukon Territory, Canada <i>Norman Alexander Easton, Glen R. MacKay, Peter Schnurr, Patricia Bernice Young, and Christopher Baker</i>	82

Early Maritime Technology on California's San Miguel Island: Arena Points from CA-SMI-575-NE <i>Jon M. Erlandson and Todd Braje</i>	85
A Continental-scale Perspective on the Peopling of the Americas: Modeling Geographic Distributions and Ecological Niches of Pleistocene Populations <i>J. Christopher Gillam, David G. Anderson, and A. Townsend Peterson</i>	86
New Dates from the Shawnee-Minisink Site, Pennsylvania <i>Joseph A. M. Gingerich and Michael R. Waters</i>	90
Recent Research on the Interstate Park Bison Site, Polk County, Northwestern Wisconsin <i>Marlin F. Hawley, Matthew G. Hill, and Christopher C. Widga</i>	93
Variability in Morphology and Raw Material Choices in Paleoamerican Projectile Points from Yucca Mountain, Nevada <i>Gregory M. Haynes</i>	95
Preliminary Evaluation of the Paleoamerican Occupation in the San Augustin Basin, Socorro and Catron Counties, New Mexico <i>Matthew E. Hill, Jr., Vance T. Holliday, and Robert H. Weber</i>	97
2006 Investigations at the O. V. Clary Site, Ash Hollow, Garden County, Nebraska <i>Matthew G. Hill, David W. May, David J. Rapson, Thomas J. Loebel, and James L. Theler</i>	100
Test Investigations at the Mockingbird Gap Clovis Site: Results of the 2006 Field Season <i>Bruce B. Huckell, Vance T. Holliday, and Robert H. Weber</i>	102
Update on Wisconsin's Silver Beach Elk Site (47BA526) <i>Jean Hudson</i>	104
Paleoindian-age Artifacts Recovered from a Buried Alluvial Soil in Northeastern Kansas <i>William C. Johnson, Stephen A. Sherman, Scott M. Hall, and James A. Zeidler</i>	106
A Clovis Point from the High Sierra, Fresno County, California <i>Sarah E. Johnston, Jeanne Day Binning, and Alan P. Garfinkel</i>	108
A New Date for the James Allen Site, Laramie Basin, Wyoming <i>Ruthann Knudson and Marcel Kornfeld</i>	112
The Dilts Site (48CA4718): Goshen and Bison in Eastern Wyoming <i>Jason M. LaBelle</i>	114
A Midland Point from a Folsom Context at Blackwater Locality No. 1 <i>Philippe D. LeTourneau</i>	116
A Survey of Wisconsin Fluted Points <i>Thomas J. Loebel</i>	118
A Clovis Occupation along Swift Run Gap, Virginia <i>Douglas H. MacDonald</i>	120
A Fluted Point from East Bearskin Lake, Minnesota <i>Susan C. Mulholland, A. D. Romano, and Stephen L. Mulholland</i>	121
Technological Remarks on the Folsom Bifacial Artifacts from the Baker Site, New Mexico <i>Hugo G. Nami and Dennis J. Stanford</i>	124
Paleoindian Settlement in the Southeastern United States: Insights from Examining Regional Databases <i>Jason O'Donoghue</i>	126
New Evidence of Microblade Technology in the Nenana Complex Type Site at Dry Creek, Central Alaska <i>Daniel Odess and Scott Shirar</i>	129
Evidence for Shifts between Clovis Biface and Blade Production at the Gault Site (41BL323), Texas <i>Charlotte D. Pevny and David L. Carlson</i>	131

AD-ICP-MS vs. LA-ICP-MS Analysis of Quartzite Sources, Gunnison Basin, Colorado <i>Bonnie L. Pitblado, Hector Neff, Stephen T. Nelson, and Carol M. Dehler</i>	133
Clovis Occupation of the Central Colorado High Country <i>Mary M. Prasciunas and Allen Denoyer</i>	136
Fluted-Point Variability in the Central Great Basin <i>Michael F. Rondeau, Ted Goebel, and Mark B. Estes</i>	138
Use-Wear Analysis of the Clovis Biface Collection from the Gault Site in Central Texas <i>Ashley M. Smallwood</i>	141
Source Determination of Obsidian Artifacts from Swan Point (XBD-156), Alaska <i>Robert J. Speakman, Charles E. Holmes, and Michael D. Glascock</i>	143
Ongoing Investigations of the Meserve Type Locality in Central Nebraska <i>Chris Widga</i>	145
Maximizing Tool Use: Endscrapers from the Gault Site <i>James E. Wiederhold</i>	147
A Discussion of Two Early Headland Sites on the Southern Oregon Coast <i>Samuel C. Willis and Loren G. Davis</i>	150
Late-Paleoindian Use of Antlers Formation Toolstone at Pumpkin Creek, Southern Oklahoma <i>Don G. Wyckoff and Mike Waller</i>	152
A Fluted Projectile-Point Base from Bering Land Bridge National Preserve, Northwest Alaska <i>Christopher Young and Sabra Gilbert-Young</i>	154
Paleoenvironments: Plants	
A Late-Glacial/Early-Holocene Pollen and Nonsiliceous Algae Spectrum from Five Island Lake, Northcentral Iowa <i>James K. Huber, E. Arthur Bettis III, and Deborah J. Quade</i>	157
Paleoenvironments: Vertebrates and Invertebrates	
Parasitism as a Potential Factor in Reduced Genetic Variability in Late-Quaternary Musk Ox (<i>Ovibos moschatus</i>) <i>Barry W. Baker</i>	159
Fossil Birds of the Ardis Local Fauna, Late Pleistocene, South Carolina <i>Robert M. Chandler and Curtis C. Bentley</i>	162
A Pleistocene Bird in El Peñon de los Baños Locality (D.F., Mexico) <i>Eduardo Corona-M., José Concepción Jiménez-López, and José Antonio Pompa y Padilla</i>	164
Diverse Avifaunas from Coastal Caves in Southeast Alaska <i>Timothy H. Heaton</i>	166
Indications of Butchering on a Late-Pleistocene <i>Bison antiquus</i> from the Maritime Pacific Northwest <i>Stephen M. Keady, Michael C. Wilson, and Randall F. Schalk</i>	167
Full-Glacial Gastropods and Rodents from Kulas Quarry, Wisconsin <i>Matt Kuchta, Richard Slaughter, and Dana Geary</i>	170
A Cautionary Note on North American Late-Quaternary Biogeography <i>Richard S. Laub</i>	172
Extinct Faunal Remains in Exokarstic Deposits from the Late Pleistocene in Calama (II Region, Chile) <i>Patricio López M., Isabel Cartajena, Rafael Labarca E., María T. Alberdi, and José L. Prado</i>	175
The Late-Glacial Wenas Creek Mammoth Site (45YA1083) in Central Washington <i>Patrick M. Lubinski, Bax R. Barton, Karl Lillquist, Morris Uebelacker, and Jake T. Shapley</i>	178

Spatial Distribution of <i>Mammuthus columbi</i> in North America <i>Michael R. Pasenko</i>	180
Early Post-Glacial Ungulates on the Northwest Coast: Implications for Hunter-Gatherer Ecological Niches <i>Randall F. Schalk, Stephen M. Kenady, and Michael C. Wilson</i>	182
Notes on the Late-Pleistocene Vertebrate Fauna from Guy Wilson Cave, Northeastern Tennessee <i>Blaine W. Schubert and Steven C. Wallace</i>	185
Late-Pleistocene Bivalves from the Kanorado Locality, Northwestern Kansas <i>Robert E. Warren and Steven R. Holen</i>	187
Paleoenvironments: Geosciences	
Magnetic Susceptibility Signals from the Fuller Farm Site, a Late-Pleistocene and Late-Pleistocene/Middle-Holocene Alluvial Sequence in the Central Great Plains <i>Dane G. Bailey and William C. Johnson</i>	191
Ehmke Playa: Relationship between Playas of the Central High Plains and Potential Paleoindian Archaeology <i>Joshua S. Campbell, William C. Johnson, and Mark W. Bowen</i>	194
Paleobiomes and Paleopastures: A Reconstruction of Interactions of Vegetation, Climate, Grazing, and Fire in South-Central North America since the Last Glacial Maximum <i>Carlos E. Cordova and William C. Johnson</i>	196
Stratigraphy and Quaternary Landscape Evolution in the Vicinity of the Marias River, North-Central Montana <i>Christopher L. Hill</i>	198
A Dynamic Record of Late-Holocene Environmental Change Recorded in Banded Colluvium from the Northern Great Plains: Preliminary Data and Implications for Long-Term Drought Cycles since the Late Pleistocene <i>Kenneth Lepper and Allan C. Ashworth</i>	201
Databases	
The Siberian Mammoth ¹⁴ C Database: Accumulating and Interpreting Data <i>Lyobov A. Orlova, Yaroslav V. Kuzmin, and Vyacheslav N. Dementiev</i>	205
