### Archaeology: Latin America

Patterns in the Early Production of Lithic Artifacts at Agua de la Cueva— Sector Sur (Argentina) <i>Alejandro García</i> . . . . .	1
Early-Archaic Occupation (9265 CALYBP) on the Semiarid Coast of Chile <i>Donald Jackson, Antonio Maldonado, and Matthieu Carré</i> . . . . .	3
New Radiocarbon Dates from the Campo Laborde Site (Pampean Region, Argentina) Support the Holocene Survival of Giant Ground Sloth and Glyptodonts <i>Pablo G. Messineo and Gustavo G. Politis</i> . . . . .	5
Crystal Quartz and Fishtail Projectile Points: Considerations on Raw-Material Selection by Paleo South Americans <i>Hugo G. Nami</i> . . . . .	9
Unifacial Fishtail Points: Considerations about the Archaeological Record of Paleo South Americans <i>Rafael Suárez</i> . . . . .	12

### Archaeology: Eurasia

New Data on the Early Upper Paleolithic of Northern Mongolia <i>Sergei Gladyshev and Andrei Tabarev</i> . . . . .	17
Use-Wear Analysis of Sugikubo-type Points from the Uenohara site in Central Japan <i>Akira Iwase</i> . . . . .	19
A New Upper Paleolithic Site in Kamchatka (Russia) <i>Andrei V. Ptashinski</i> . . . . .	22
On a Wedge-shaped Core Variation in Beringia <i>Sergei B. Slobodin</i> . . . . .	24
Broken Projectile Points from Mattobara, and Leaf-shaped Points Assemblages during the Late Upper Paleolithic in Japan <i>Takuya Yamaoka</i> . . . . .	27
Yankito, the Oldest Archaeological Site Cluster on the Kurile Islands (Russian Far East) <i>Oksana V. Yanshina, Yaroslav V. Kuzmin, and G. S. Burr</i> . . . . .	30

### Archaeology: North America

The Sinclair Site (40Wy111): A Clovis Quarry along the Buffalo River in Wayne County, Tennessee <i>John B. Broster and Mark R. Norton</i> . . . . .	35
Paleoindian Occupations along the Clear Fork of the Brazos River, Jones County, Texas: The Cunningham Paleoindian Site <i>Peter C. Condon, James M. Warnica, Jerry L. Bridwell, and Meghan R. Bruckse</i> . . . . .	37
Jackson-Gore: An Early-Paleoamerican Occupation in the Green Mountains of Vermont <i>John G. Crock and Francis W. Robinson IV</i> . . . . .	40

Paleoarchaic Incised Stones from Barton Gulch, Southwest Montana <i>Leslie B. Davis, Matthew J. Root, Stephen A. Aaberg, and William P. Eckerle</i> . . . . .	42
Jasper Endscrapers from the Connecticut River Valley, Massachusetts <i>Christopher L. Donta, F. Timothy Barker, and Timothy L. Binzen</i> . . . . .	44
Wisconsin-Interstadial(?), Terminal-Pleistocene, and Early-Holocene Radiocarbon Dates from the Little John Site, Southwest Yukon Territory, Canada <i>Norman Alexander Easton, David R. Yesner, Vance Hutchinson, Peter Schnurr, and Christopher Baker</i> . . . . .	47
Bird and Fish Remains from Lime Hills Cave, SW Alaska <i>Neal Endacott and Robert E. Ackerman</i> . . . . .	51
A 9,000-year-old Paleoacoastal Shell Midden at CA-SMI-527, San Miguel Island, California <i>Jon Erlandson, Nicole Dwyer, Todd Braje, and Jack Watts</i> . . . . .	54
Four Additional Fluted Points from Jakes Valley, Nevada <i>Mark B. Estes and Michael F. Rondeau</i> . . . . .	56
Last Canyon Cave: Late-Pleistocene Fauna and People <i>Olena Fedorchenko, Marcel Kornfeld, Judson B. Finley, and Mary Lou Larson</i> . . . . .	58
Exotic Clovis Stone Tools from the Topper Site, 38AL23, Allendale County, South Carolina <i>Albert C. Goodyear, Keith Derting, D. Shane Miller, and Ashley M. Smallwood</i> . . . . .	60
Clovis Obsidian Sources in the Central Rio Grande Rift Region of New Mexico <i>Marcus J. Hamilton, Bruce B. Huckell, and M. Steven Shackley</i> . . . . .	62
A Beveled Bone Rod from the Cody Component of the Lindenmeier Site <i>Kathleen Holen and Steven R. Holen</i> . . . . .	65
Beach: A Clovis Cache in Southwestern North Dakota <i>Bruce B. Huckell and J. David Kilby</i> . . . . .	68
San Patrice Projectile Points from the Hardwick Site, a Paleoindian Locality on the Southern High Plains of New Mexico <i>Stance Hurst, Jim Warnica, and Eileen Johnson</i> . . . . .	70
Folsom Bone Preservation at the Nash Site, a Waterlogged Context on the Southern High Plains <i>Eileen Johnson, Sarah Willett, and Paul N. Backhouse</i> . . . . .	73
The Cobden Connection: Early-Paleoindian Lithic Procurement and Settlement Mobility in the American Midwest <i>Brad Koldehoff and John A. Walthall</i> . . . . .	75
The French Connection? Or Is It? <i>Marcel Kornfeld and Andrei Tabarev</i> . . . . .	78
Geochemistry of Paleoindian and Early-Archaic Obsidian Artifacts from New Mexico and Colorado <i>Philippe D. LeTourneau and M. Steven Shackley</i> . . . . .	81
Possible Lithic Artifacts from 2005–07 Excavations at the Wenas Creek Mammoth Site <i>Patrick M. Lubinski, Patrick T. McCutcheon, Karl Lillquist, Morris Uebelacker, Bax R. Barton, and Jake T. Shapley</i> . . . . .	85
Flake Tools from the Folsom Type Site: Removing a Case of Mistaken Identity <i>David J. Meltzer and Bruce B. Huckell</i> . . . . .	87
A Study of Early-Paleoindian Settlement in the Coastal Plain of Alabama <i>Steven M. Meredith</i> . . . . .	89
Paleoamerican Utilization of the Green River Shell Middens: The Chiggerville Site (150H1), Kentucky <i>Christopher R. Moore</i> . . . . .	91

Gainey-phase Occupation of the Steinman Site, Madison County, Illinois <i>Juliet E. Morrow and Brad Koldehoff</i> . . . . .	93
A Newly Discovered Fluted Point from Northeastern Minnesota <i>Stephen L. Mulholland, Susan C. Mulholland, and Larry Furo</i> . . . . .	95
Reevaluating Folsom Mobility and Land Use in New Mexico <i>Matthew J. O'Brien, Susan M. Ruth, Christopher W. Merriman, and Bruce B. Huckell</i> . . . . .	97
Recent Fluted-Point Finds in Eastern Oregon <i>Patrick O'Grady, Scott P. Thomas, and Michael F. Rondeau</i> . . . . .	100
Two Cody-Complex Projectile Points from the Valles Caldera National Preserve, Jemez Mountains, New Mexico <i>Ariane O. Pinson, Jeremy T. Decker, and Richard E. Hughes</i> . . . . .	103
Establishing a Baseline Paleoamerican Record for Southeastern Idaho <i>Bonnie L. Pitblado and Emily Lena Jones</i> . . . . .	106
CIEP and RIA Protein-Residue Analysis on Fluted Points from Northern Alaska <i>Joshua D. Reuther, S. Craig Gerlach, and Jerold M. Lowenstein</i> . . . . .	109
The Twain Harte Fluted Point, Tuolumne County, California <i>Michael F. Rondeau and John W. Dougherty</i> . . . . .	112
Early Paleoamericans in Southern Idaho: The Buried Beach Site <i>Paul Santarone and E. S. Lohse</i> . . . . .	113
Obsidian Procurement and Use at the Dry Creek Site (HEA-005), Interior Alaska <i>Natalia S. Slobodina, Joshua D. Reuther, Jeff Rasic, John P. Cook, and Robert J. Speakman</i> . . . . .	115
Reworked Clovis Biface Distal Fragments from the Topper Site, 38AL23: Implications for Clovis Technological Organization in the Central Savannah River Region <i>Ashley M. Smallwood and Albert C. Goodyear</i> . . . . .	118
Additional Results from the XRF Analysis of Pre-Archaic Artifacts from Last Supper Cave, Northwest Nevada. <i>Geoffrey M. Smith</i> . . . . .	120
Old Points in a New Place: Paleoindian Projectile Points of the Valles Caldera, Jemez Mountains, New Mexico <i>Anastasia Steffen, Jeremy T. Decker, Philippe D. LeTourneau, and Richard E. Hughes</i> . . . . .	123
Late-Pleistocene Occupations in the Lake Koshkonong Region, Southeastern Wisconsin <i>Daniel M. Winkler and Robert J. Jeske</i> . . . . .	126
<b>Taphonomy</b>	
Taphonomic Effects of Burning on Ivory: Preliminary Results <i>Barry W. Baker, John D. DeHaan, Darrell Hegdahl, Jim A. Chamberlain, and Edgard O. Espinoza</i> . . . . .	129
Microwear on a Probable Burnishing Tool of Pre-Clovis Age from SV-2 (44SM37), Saltville, Virginia <i>Jerry N. McDonald</i> . . . . .	132
<b>Paleoenvironments: Plants</b>	
A Nonsiliceous Algae Sequence from Rocky Run Road Channel Lake, Portage County, Wisconsin <i>James K. Huber</i> . . . . .	137
Evidence of Late-Pleistocene Monte Formation in Central West Argentina <i>Eduardo Martínez Carretero, Alejandro García, and Mariana Dacar</i> . . . . .	139

**Paleoenvironments: Vertebrates and Invertebrates**

Fossil Birds of the Crowfield Local Fauna, Late Pleistocene (Rancholabrean), South Carolina <i>Robert M. Chandler and James L. Knight</i> . . . . .	143
Opal Phytoliths from Teeth Calculus in the Mammoths of the Hot Springs Site, South Dakota <i>Carlos E. Cordova and Larry D. Agenbroad</i> . . . . .	145
Rodents and Lagomorphs (Mammalia) from the Late-Pleistocene Deposits at Valsequillo, Puebla, Mexico <i>Valeria Cruz-Muñoz, Joaquín Arroyo-Cabrales, and Russell W. Graham</i> . . . . .	147
<i>Bison</i> cf. <i>B. latifrons</i> from the Late-Pleistocene Broach Locality, Fresno, California <i>Robert G. Dundas, Yesenia Ibarra, Frederika J. M. Harmsen, and Peter K. Van de Water</i> . . . . .	149
A New Pleistocene Faunal Assemblage from Morrill Cave, Sullivan County, Tennessee: A Preliminary Discussion of the Arvicoline Rodents <i>Patrick L. Hawkins, Steven C. Wallace, and Blaine W. Schubert</i> . . . . .	152
New Late-Pleistocene Dates for the Extinct Megafauna of Lagoa Santa, Brazil <i>Alex Hubbe, Mark Hubbe, and Walter Alves Neves</i> . . . . .	154
A Preliminary Report on a <i>Bison bison occidentalis</i> Cranium from Sauk County, Wisconsin <i>Steven R. Kuehn</i> . . . . .	157
Did Female Mastodons Have Mandibular Tusks? Some Additional Data <i>Richard S. Laub</i> . . . . .	159
First Record of Late-Pleistocene Turtles from Chiapas, Mexico <i>Josué R. Luna-Espinosa and Gerardo Carbot-Chanona</i> . . . . .	162
Presence of Late-Pleistocene Rheidae in the Oasis of Calama (Second Region, Chile) <i>Ismael Martínez R., Isabel Cartajena F., and Patricia López M.</i> . . . . .	164
New Records for the Pleistocene Mammal Fauna from Loltun Cave, Yucatán, México <i>Fabiola Montserrat Morales-Mejía, Joaquín Arroyo-Cabrales, and Oscar J. Polaco</i> . . . . .	166
Late-Pleistocene Peccaries from Guy Wilson Cave, Sullivan County, Tennessee <i>April S. Nye, Blaine W. Schubert, and Steven C. Wallace</i> . . . . .	169
A Gomphothere from Lake Pátzcuaro, Michoacán, México <i>Jasinto Robles-Camacho, Pedro Corona-Chávez, Miguel Morales-Gómez, Ana Fabiola Guzmán, Gabriela Domínguez-Vázquez, Isabel Israde-Alcántara, and Arturo Oliveros-Morales</i> . . . . .	172
Early-Pleistocene Glaciations in Argentina (South America) and the Response of Mammals: The Case of the Pampean Region <i>Esteban Soibelzon and Eduardo P. Tonni</i> . . . . .	175
Last Glacial Maximum Fauna from Great Saltpeter Cave, Kentucky <i>Kenneth B. Tankersley, Brian Lane, Dean J. Wells, Christine Hamburg, and Andras Nagy</i> . . . . .	177
First Data on Late-Pleistocene Rodents from Central Arid Patagonia as Paleoenvironmental Indicators <i>Pablo Teta, Daniel E. Udrișar Sauthier, and Ulyses F. J. Pardiñas</i> . . . . .	180
A Middle-Pleistocene Interglacial Faunal Assemblage in Southeastern Buenos Aires Province, Argentina <i>Eduardo P. Tonni</i> . . . . .	182
American Mastodon ( <i>Mammuth americanum</i> ) in the Rancho La Brea Collection of the University of California Museum of Paleontology <i>Robin B. Trayler and Robert G. Dundas</i> . . . . .	184
Southernmost Records of the Brown Lemming ( <i>Lemmus</i> sp.) during the Late Pleistocene: Implications for Re-colonization after Glacial Retreats <i>Steven C. Wallace</i> . . . . .	186

**Paleoenvironments: Geosciences**

Developing a Geospatial Database of Playas within the High Plains of Kansas <i>Mark W. Bowen, William C. Johnson, Scott T. Klopfenstein, and John W. Dunham.</i> . . . . .	191
Late-Pleistocene/Early-Holocene Boundary, Buried Soils, Loess, and Alluvium throughout the Bull Creek Drainage, Oklahoma Panhandle <i>Travis O. Conley, Brian J. Carter, and Leland C. Bement.</i> . . . . .	193
Geology of Mammoth ( <i>Mammuthus</i> ) Fossils on the Western Snake River Plain, Idaho <i>Christopher L. Hill.</i> . . . . .	195
Micromorphological Investigations at the Tarkio Valley Sloth Site, Page County, Iowa <i>Richard L. Josephs.</i> . . . . .	198
<b>Call for Papers</b> . . . . .	203
<b>Information for Contributors.</b> . . . . .	205
<b>Author Index</b> . . . . .	211
<b>General Index.</b> . . . . .	213
<b>Pre-order Form for <i>Current Research in the Pleistocene, Vol. 27</i></b> . . . . .	227
<b>Order Form for Back Issues of <i>Current Research in the Pleistocene.</i></b> . . . . .	229
