Computing hours for the MODL degree: You may **not** use the same course to satisfy two different degree requirements for the MODL major; however, some courses may be “doubled” to satisfy a double major, double degree or a second minor requirement.

All MODL majors must select a minor field of study. The minor will consist of a minimum of 15 hours of coursework, as defined by the minor department. No more than 9 credit hours may be at the 100-299 level. Interdisciplinary minors such as women’s and gender studies, classical studies, religious studies, and business have specific requirements; students should consult undergraduate advisors in these areas of study. A second major may substitute for the minor.
